## FEASIBILITY:-

- Economically Feasible:-

- The system being developed is economic with respect to School or College's point of view.
- It is cost effective in the sense that has eliminated the paper work completely.
- The system is also time effective because the calculations are automated which are made at the end of the month or as per the user requirement.
- The result obtained contains minimum errors and are highly accurate as the data is required.

- Technical Feasibility:-

- The technical requirement for the system is economic and it does not use any other additional Hardware and Software.

- Behavioral Feasibility:-

- The system working is quit easy to use and learn due to its simple but attractive interface.
- User requirers no special training for operating the system.
